Dear all,

It is always with pleasure that I found the time for a newsletter where I swapped commands *L'oiseau des îles II* in favor of the pen to share with you stories and highlights of the quarter - photos in support - while winter does not end in the northern hemisphere!

Firstly, a special mention to Bernard for his 83 years would go fishing Hawkins, it is done since we formed a group with Paul, Daniel and Matthew (the youngster of the band) for the 88h Hawkins bench. The result was at the height of their experiences: large volume of fish left in 14 different varieties, the "master-pieces" being the big doggies 7 lifts between 36 and 75 kgs (50kgs 4 more) Who could do better? .... Anyone.

Then, the Tour de Rodrigues also allowed to enjoy beautiful passages of yellowfin tuna (between 10 and 40 kgs for more large) and lovely strips sailfish who have booked and fighting images on thin line first order, and do not forget the big doggies of more than 50kgs ... All gave a hard time for many anglers come to learn about deep sea fishing to our board during their vacation on the island. Therefore, the virus is taken, and this group is that we will meet soon to experience the adventure of the Grand Banks!

Like last year, large quantities of skipjack and "eat" arrived in the area, varying a little predator behavior we seek. Weather side, it gave us very long periods of good weather this season, interspersed with periods windier but never prevent us from going to sea,

In addition, changes made to *L'oiseau des îles II* are already very good results, our fishermen achieve the best results fishing each output, it is our pride. This is especially lucky for all of you to live your dreams Fisheries the boldest.

Notice to jiggeurs: Pedro Custom achieved a new jig rod especially for us / you, is bluffing ease.

Try it, love it!

...

Finally, to conclude, here is some useful information :

- We have already applications sharing boat for the season 2013/2014, also to enjoy a day of fishing in these conditions, contact us early enough in relation to your desired dates of stay to give us time to form groups "homogeneous" and friendly.

- 30% discount is applicable for any fishing trip on the period from 1 May to 30 October.

- 10% Loyalty discount is granted by the second visit to our side, whatever the chosen formula.

- Only the payment of a deposit of 30% of the fishing trip booking and guaranteed valid dates of your stay (it is a useful reminder as we are ever to refuse people from without reserving a period reserved by another group, it is always regrettable, for you and for us.)
