

# NEWS FROM L'OISEAU DES ÎLES II AND THE CREW

The season has now come to an end for us, and we have already begun the vessel's annual maintenance. Our biggest task this year is replacing the non-slip flooring on the aft deck to refresh the boat and, above all, maintain the highest level of safety on board.

First of all, I would like to thank you for the trust you place in us. It is both a privilege and an honour to share our adventures with you and to create unforgettable experiences together.

## RECORD SEASON FOR GIANT DOGGIES ON JIG

Many of you follow us on social media and have already seen that this season was a record-breaker for giant doggies caught on jig. The 104-kilo Doggy goes to Pascal and Chakib after an epic 30-minute battle in 80 metres of water. It pushed both anglers to their limits for a truly record fish. What a fight, what an achievement, and what unforgettable emotions!

## A FIRST ADVENTURE FOR JACKY & CYRIL

What can we say about Alain's group? Due to unfortunate family circumstances, Alain couldn't join us, leaving father and son Jacky and Cyril to discover exotic sport fishing for the first time. What a trip! They enjoyed an incredible variety of fish, including magnificent yellowfin tuna and several marlin that put up an unforgettable fight. A fantastic adventure filled with laughter, friendship and lasting memories. Thank you, family!

And of course, we cannot forget Jeff, who celebrated his 60th birthday (but let's keep that between us!). His family surprised him with a fishing trip aboard L'Oiseau des Îles II. The trip brought plenty of catches, a great variety of fish, and above all, laughter and unforgettable memories. A few break-offs on giant doggies only made everyone even more eager to return—and we'll be delighted to welcome you all back!

## THE VIRAL MOMENT

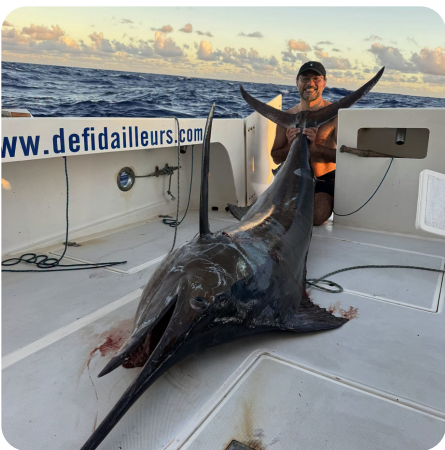

The award for the most intense emotions goes to Niko and Atef. A video that went viral during our final evening perfectly captured Niko's incredible giant doggy on jig. After an epic fight, his pure joy said it all. It was the perfect ending to an unforgettable trip, with every goal achieved: a marlin for Atef and a giant doggy on jig for Niko. What an incredible feeling!
