

Newsletter 2022

THE RECOVERY AT LAST!!!!

It is with a feeling of joy and relief that after a period of 2 years without plane we take over our activities.

Indeed the pandemic of Covid 19 will have made us silent and very frustrated because on many occasions we believed in a reopen but quickly followed by disappointment.

The frustration was all the greater since we held L'Oiseau Des Iles II operational with all the costs that this generates in the hope of this long - awaited reopening! So we are pleased to officially announce that we took over the sea just a few days after the opening of the borders with our first British customers on the Hawkins bench where we are more than ever to take you there of course when you have chosen this program in your fishing stay.

VERY IMPORTANT!!!

Very important point, the sanitary protocol for access to Rodrigues is the same as for Mauritius, you will be asked to have a complete vaccination scheme of three anti -covid vaccines or two vaccines of less than 6 months.

I take advantage of this news, to tell you about the planning that is very busy due to the postponement of stays and new regular requests which makes us happy and proud of your confidence.

Only 2 dates available for end the year 2022:

From: 23.09.2022 at 30.09.2022
and 14.12.2022 at 23.12.2022

For the beginning of 2023, we have a few dates but they are already limited.

Indeed, I invite you to our faithful customers because if you receive this email it is that we have already exchanged or sin together to contact us quickly with us in order to inform you and above all to favor you in obtaining your dates of stay .

In order to remain efficient throughout the season, we are pleased to announce a new crew member that will allow us to turn and thus bring you the best at each fishing stay.

We also revive boat sharing offers, if you are alone or in pairs and you want to come to Rodrigues fish with us without having to endure the cost alone of the boat, we suggest you integrate a group to reduce your cost ! The only constraint may be flexible on the dates. In the past we had already done this and that had allowed good numbers of you to come and measure you with the Rodriguais fish for the happiness of all!

In the past we had already done this and it had allowed many of you to come and measure yourselves against Rodriguan fish for the happiness of all! We are here as a whole team to assist you and organize your stay aboard L'Oiseau des îles II.

Best Regards,
Cyril Faure & his Team.
